2018 Awards Nomination Form

Categories and Qualifications

INDIVIDUAL CANDIDATES

Note: Multiple awards may be given in each category, except for James E. Ballinger Engineer of the Year Award and OCEC President's Award.

Outstanding Engineering Merit Awards: These individuals must have achieved significant expertise in a particular field of engineering or science. The candidate's engineering experience and contributions should stand out above peers in the engineering/technological/scientific community.

Outstanding, Distinguished or Pioneer Educator Awards: These educators must have demonstrated significant commitment to professional engineering/scientific activities beyond the normal scope of the teaching profession. Involvement in students' extracurricular activities and scientific achievements with industry applications will be considered.

Outstanding Service Awards: These individuals must have performed exceptional public service which enhances the engineering/scientific profession. Through their dedicated effort, these persons should have made direct contributions toward the goal of promoting the engineering/scientific professional excellence within Orange County. Candidates may include legislators, public relation officials, media professionals, and others.

Outstanding STEM Service Awards: These individuals should have provided exceptional service in the area of STEM (Science, Technology, Engineering, and Mathematics) programs, focused mainly in educational and outreach activities in K-12.

Outstanding Young Engineer Awards: These engineers may have fewer than ten years of experience in any technical field (without any age limitation), and must have exhibited high potential in the engineering/scientific profession with at least one significant engineering accomplishment during the recent years.

Outstanding Engineering Student Awards: These students should have exhibited exceptional talent in any field of engineering or scientific areas. The nomination for these awards must be made by a faculty member.

James E. Ballinger Engineer of the Year Award: Please do not submit a separate nomination for this award. This award recipient will be selected by the OCEC Board from the individuals nominated for the Outstanding Engineering Merit Awards. This person must have outstanding professional qualifications with exceptional reputation for engineering accomplishments and leadership. The complete career of this nominee including, but not limited to, technical experience, community service, engineering accomplishments, and ability to motivate and lead others, shall be considered.

OCEC President's Award: The recipient of this award is nominated by the current OCEC President, based on his/her evaluation of a certain individual's special abilities, service in the engineering profession, contribution to society, and any other extraordinary qualities. Only one award shall be presented in this category.

Submit completed form by email to OCEC.Nominations@gmail.com on or before Friday, December 15, 2017
